Innovative ILS listings

A significant number of Insurance Linked Securities (ILS) deals are structured and arranged in Guernsey and we are the local Exchange.

We have become home to some extremely innovative ILS Listings.

2011 Solidum Re Eiger IC Limited

The private cat bond transaction issued by Solidum Re Eiger IC Limited was the first to be listed on any exchange worldwide.

2014 FWU AG's Salam III Limited

TISE listed a pioneering programme in the form of European insurance group FWU AG's Salam III Limited. This unique deal transacted an Islamic bond and was the first securitisation of sharia compliance insurance policies.

2018 Dom Re IC Limited

We welcomed what is believed to be the first listing, on a regulated exchange, of notes digitised on a blockchain. Dom Re IC Limited issued notes on a private blockchain, 'ILS Blockchain' which replaced the traditional settlement system of the issuance of notes.

2021 Dunant Re IC Limited

The very first humanitarian catastrophe bond covering pure volcanic eruption was completed using a Guernsey ILS structure and listed on TISE. The USD3 million privately placed issuance is sponsored by the Danish Red Cross and was brought to market by Replexus and Howden Capital Markets. The bonds were settled using Replexus' unique blockchain-based ILS platform, the ILSBlox. The catastrophe bond covers the risk of eruption of 10 volcanoes across three continents with the capital set to be used to support humanitarian aid in the aftermath of an eruption. Initial investors in the volcano cat bond included ILS specialist managers Plenum Investments, Schroder Investment Management and Solidum Partners. Comment:

"I am delighted with this listing on TISE. TISE provides a cost-effective and efficient process for the admission of bonds to a recognised stock exchange, which is hugely valued by all those involved in the transaction, including the sponsors, the Danish Red Cross, and the investors. We look forward to facilitating further bond issuances which utilise ILS capacity to support humanitarian work via a listing on TISE."
