MFS INTERNATIONAL HOLDINGS PTY LTD

DIRECTORS' REPORT

The Directors of MFS International Holdings Pty Ltd (the "Company") submit herewith the annual report of the Company for the financial year ended 31 December 2017. In order to comply with the provisions of the Corporations Act 2001, the Directors report as follows:

Names of Directors

The names of the Directors of the Company during or since the end of the financial year are:

Richard A. Drage
Patrick J. Hehir
Marian J. Poirier

The above named Directors held office during the whole of the financial year and since the end of the financial year.

Principal activities

The Company was incorporated and registered as a proprietary company with the Australian Securities and Investments Commission ("ASIC") under the Corporations Act 2001 (the "2001 Act") on 16 October 2014 and is managed and maintained in the United Kingdom. The Company is a wholly-owned subsidiary of MFS International Ltd. ("MIL"), a limited company incorporated in Bermuda. MIL is a wholly-owned subsidiary of Massachusetts Financial Services Company ("MFS") which is headquartered in Boston, Massachusetts, United States of America ("U.S."). The ultimate parent company of MFS and the Company is Sun Life Financial Inc. ("Sun Life"), a company headquartered in Toronto, Canada.

MFS provides investment management, distribution, transfer agency and other services for sponsored mutual funds, undertakings for collective investment in transferrable securities, and certain of these services for institutional clients and annuity products. One of MFS's key strategic objectives is to grow its business outside of the U.S. To achieve the aforementioned objective, MFS implemented a reorganisation plan effective 1 October 2015 (the "MFS Reorganisation") whereby certain of its wholly-owned subsidiaries, namely, MFS International (U.K.) Limited ("MIL U.K."), MFS International Management K.K. ("MFS Japan"), MFS International Singapore Pte. Ltd. ("MFS Singapore"), and MFS Investment Management Company (Lux) S.à r.l. ("MFS Luxembourg"), were transferred to the Company. As a result of the MFS Reorganisation, the Company is positioned to perform its principal activity; namely, to enable efficient and economical management and funding of the aforementioned MFS subsidiaries domiciled outside of the U.S. and facilitate the growth of those subsidiaries and MFS's overall business outside the U.S. Specifically, the Company is positioned to redeploy earnings from the aforementioned wholly-owned subsidiaries to perform activities including, but not limited to, the expansion of MFS's core business of investment management through the establishment of new offices and expansion of existing offices outside of the U.S. The MFS Reorganisation is described further in Note 5 to the Company's financial statements.

On 1 October 2016, MFS implemented another corporate reorganization plan effective as of that date (the "MFS Australia Reorganization") whereby all of its operations in Australia were transferred to MFS International Australia Pty Ltd ("MFS Australia"), a wholly-owned subsidiary of the Company. MFS Australia, Australian Company Number 607 579 537, was incorporated and registered as a proprietary company with ASIC under the 2001 Act on 25 August 2015 and is managed and maintained in Australia. At incorporation, the Company subscribed for 100 fully paid ordinary shares of Australian Dollars ("AUD") \$1.00 each in MFS Australia. MFS's operations in Australia were generally not impacted by the MFS Australia Reorganization. However, unlike the Australia Branch which operated in Australia under an exemption to hold an AFSL, as previously described, MFS Australia obtained an AFSL from the Australian Securities and Investments Commission (License No. 485343) effective September 2, 2016 that will allow it to continue to provide financial services in Australia to wholesale clients as well as allow it greater flexibility in marketing the MFS brand, services and products which may reach retail clients. Specifically, under the AFSL, MFS Australia is authorized to carry on a financial services business to provide general product advice for specific classes of financial products (including but not limited to interests in managed investment schemes excluding investor directed portfolio services); as well to arrange for another person to issue, apply for, acquire, vary or dispose of specific

MFS INTERNATIONAL HOLDINGS PTY LTD

classes of financial products to both retail and wholesale clients. Separately, in conjunction with the MFS Australia Reorganisation, the Company subscribed for an additional 999,900 fully paid ordinary shares of AUD \$1.00 each in MFS Australia. As a result of obtaining the AFSL and the MFS Australia Reorganisation, as of 1 October 2016, MFS Australia is positioned to perform its principal activity; namely, to conduct MFS's investment management and research services in Australia formerly conducted by the Australia Branch, as previously described. The MFS Australia Reorganization is described further in Note 1 and Note 6.

The Company is regulated by ASIC.

On 15 May 2017 MFS Financial Management (Shanghai) Company Limited ("MFS China") was incorporated to represent MFS's business interests in China. MFS China is a wholly owned subsidiary of the Company with registered Capital of \$100,000.

Review of operations

Results of operations reflect the performance of the Company for the years ended 31 December 2017 and 31 December 2016.

The Company has no employees.

During the year ended 31 December 2017, the Company earned a profit before tax of \$128,463k (2016: \$82,784k). The results for the year are shown in the statement of profit or loss and other comprehensive income on page 10.

Changes in state of affairs

MFS China was set up during the year to represent MFS's business interests in China and is a wholly owned subsidiary of the Company.

Subsequent events

There has not been any matter or circumstance occurring subsequent to the end of the financial year that has significantly affected, or may significantly affect, the operations of the Company, the results of those operations, or the state of affairs of the Company in future financial years.

Future developments

There are no significant likely developments in the operations of the entity in future financial years.

Dividends

No dividend payment was made in respect to the financial year ended 31 December 2017 (2016: \$24,745k).

Share options

There are no options over unissued shares or interests of the Company for the financial year ended 31 December 2017.

Indemnification of officers and auditors

During the financial year, the officers of the Company were indemnified for losses occurring due to their role in the Company. Separately, the Company's officers are covered against any liability incurred acting in the capacity of a director or officer under a corporate directors and officers insurance policy with an unrelated third party that was arranged through Sun Life. This coverage does not extend to any third parties, including, but not limited to the auditors. The Company has not been allocated a premium for access to coverage under this directors and officers insurance policy.

MFS INTERNATIONAL HOLDINGS PTY LTD

Auditor's independence declaration

The auditor's independence declaration is included after this report.

Rounding off of amounts

Amounts included in the Directors' report and the financial statements are rounded off to the nearest thousand United States Dollars.

On behalf of the Directors

The Board of Directors
MFS International Holdings Pty Ltd
One Carter Lane
London EC4V 5ER

Dear Board Members

MFS International Holdings Pty Ltd

In accordance with section 307C of the *Corporations Act 2001*, I am pleased to provide the following declaration of independence to the directors of MFS International Holdings Pty Ltd.

As lead audit partner for the audit of the financial statements of MFS International Holdings Pty Ltd for the year ended 31 December 2017, I declare that to the best of my knowledge and belief, there have been no contraventions of:

- (i) the auditor independence requirements of the *Corporations Act 2001* in relation to the audit and
- (ii) any applicable code of professional conduct in relation to the audit.

Yours sincerely

DELOITTE TOUCHE TOHMATSU

Independent Auditor's Report to the Directors of MFS International Holdings Pty Ltd

Report on the Audit of the Financial Report

Opinion

We have audited the financial report, being a special purpose financial report, of MFS International Holdings Pty Ltd (the "Entity") which comprises the statement of financial position as at 31 December 2017, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and the directors' declaration.

In our opinion, the accompanying financial report of the Entity is in accordance with the *Corporations Act 2001*, including:

- (i) giving a true and fair view of the Entity's financial position as at 31 December 2017 and of its financial performance for the year then ended; and
- (ii) complying with Australian Accounting Standards to the extent described in note 3 and the *Corporations Regulations 2001*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Entity in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the Directors of the Entity, would be in the same terms if given to the Directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 3 to the financial report, which describes the basis of accounting. The financial report has been prepared for the purpose of fulfilling the Directors' financial reporting responsibilities under the *Corporations Act 2001*. As a result, the financial report may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

Other Information

The Directors are responsible for the other information. The other information comprises the information included in the Entity's annual report for the year ended 31 December 2017, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Report

The Directors of the Entity are responsible for the preparation of the financial report that gives a true and fair view and have determined that the basis of preparation described in Note 3 to the financial report is appropriate to meet the requirements of the *Corporations Act 2001* and is appropriate to meet the needs of the Directors. The Directors' responsibility also includes such internal control as the Directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Directors are responsible for assessing the ability of the Entity to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.

Deloitte

- Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

MFS INTERNATIONAL HOLDINGS PTY LTD

DIRECTORS' DECLARATION

As discussed in Note 3 to the annual financial statements, the Company is not a reporting entity because in the opinion of the Directors there are unlikely to exist users of the financial report who are unable to command the preparation of reports tailored so as to satisfy specifically all of their information needs. Accordingly, the special purpose financial statements have been prepared to satisfy the Directors' reporting requirements under the Corporations Act 2001.

The Directors declare that:

(a) in the Directors' opinion, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable; and

(b) in the Directors' opinion, the attached annual financial statements and notes thereto are in accordance with the Corporations Act 2001, including compliance with the accounting standards applicable to non-reporting entities that elect to prepare special purpose financial statements, and giving a true and fair view of the financial position and performance of the Company.

Signed in accordance with a resolution of the Directors made pursuant to s.295(5) of the Corporations Act 2001.

On behalf of the Directors

Richard A. Drage
Director

MFS INTERNATIONAL HOLDINGS PTY LTD

NOTES TO THE FINANCIAL STATEMENTS for the year ended 31 December 2017

1 GENERAL INFORMATION

MFS International Holdings Pty Ltd (the "Company"), Australian Company Number 601 210 575, was incorporated and registered as a proprietary company with the Australian Securities and Investments Commission ("ASIC") under the Corporations Act 2001 (the "2001 Act") on 16 October 2014 and is managed and maintained in the United Kingdom. The Company's registered office and principal place of business is at 1 Carter Lane, London, EC4V 5ER, United Kingdom ("U.K."). The Company is a wholly-owned subsidiary of MFS International Ltd. ("MIL" or the "Parent"), a limited company incorporated in Bermuda. MIL is a wholly-owned subsidiary of Massachusetts Financial Services Company ("MFS") headquartered in Boston, Massachusetts, United States of America ("U.S."). The ultimate parent company of MFS and the Company is Sun Life Financial Inc. ("Sun Life"), a company headquartered in Toronto, Canada.

MFS provides investment advisory, distribution, transfer agency and other services for sponsored mutual funds, undertakings for collective investment in transferrable securities, and certain of these services for institutional clients and annuity products. One of MFS's key strategic objectives is to grow its business outside of the U.S. To achieve the aforementioned objective, MFS implemented a corporate reorganisation plan effective 1 October 2015 (the "MFS Reorganisation") whereby certain of its wholly-owned subsidiaries, namely, MFS International (U.K.) Limited. ("MIL U.K."), MFS International Management K.K. ("MFS Japan"), MFS International Singapore Pte. Ltd. ("MFS Singapore") and MFS Investment Management Company (Lux) S.à r.l. ("MFS Luxembourg") were transferred to the Company. As a result of the MFS Reorganisation, the Company is positioned to perform its principal activity; namely, to enable efficient and economical management and funding of the aforementioned MFS subsidiaries domiciled outside of the U.S. and facilitate the growth of those subsidiaries and MFS's overall business outside the U.S. Specifically, the Company is positioned to redeploy earnings from the aforementioned wholly-owned subsidiaries to perform activities including, but not limited to, the expansion of MFS's core business of investment management through the establishment of new offices or expansion of existing offices outside of the U.S. The MFS Reorganisation is described further in Note 5.

On 1 October 2016, MFS implemented another corporate reorganization plan effective as of that date (the "MFS Australia Reorganization") whereby all of its operations in Australia were transferred to MFS International Australia Pty Ltd ("MFS Australia"), a wholly-owned subsidiary of the Company. MFS Australia, Australian Company Number 607 579 537, was incorporated and registered as a proprietary company with ASIC under the 2001 Act on 25 August 2015 and is managed and maintained in Australia. The principal activities of MFS Australia, which primarily consist of conducting MFS's investment management and research services in Australia, commenced as of 1 October 2016 (the date of the MFS Australia Reorganization). In conjunction with the MFS Australia Reorganisation, the Company subscribed for additional fully paid ordinary shares in MFS Australia. The MFS Australia Reorganization is described further in Note 6.

The Company is regulated by ASIC.

MFS INTERNATIONAL HOLDINGS PTY LTD

NOTES TO THE FINANCIAL STATEMENTS for the year ended 31 December 2017

2 APPLICATION OF NEW AND REVISED ACCOUNTING STANDARDS

Amendments to AASBs and the new Interpretations that are mandatorily effective for the current year

The Company has applied the following amendments to AASBs and the new Interpretations issued by the Australian Accounting Standards Board ("AASB") that are mandatorily effective for an accounting period that begins on or after 1 January 2017 and therefore relevant to the current year:

AASB 2015-1 Amendments	Annual Improvements 2012-2014 Cycle
AASB 2015-2 Amendments	Disclosure Initiative: Amendments to AASB 101
AASB 2015-3 Amendments	Withdrawal of AASB 1031, <i>Materiality</i>
AASB 2015-5 Amendments	Investments Entities: Applying the Consolidation Exemption
AASB 2016-1 Amendments	Recognition of Deferred Tax Assets for Unrealised Losses
AASB 2016-2 Amendments	Disclosure Initiative: Amendments to AASB 107

The application of the amendments to AASBs and the new Interpretations in the current year has had no material impact on the Company's financial performance and position for the current year and/or on the disclosures set out in these financial statements.

AASBs and Interpretations in issue not yet adopted

As of the date of these financial statements, the Company has not adopted the following AASBs and Interpretations that were issued but not yet effective:

AASB / Interpretation	Effective / expected to be initially applied for annual reporting periods beginning on or after
AASB 9, Financial Instruments and the relevant amending standards	1 January 2018
AASB 15, Revenue from Contracts with Customers and AASB 2014-5 Amendments arising from AASB 15	1 January 2018
AASB 16, Leases	1 January 2019

The application of the new and revised AASBs is not expected to have a material impact on the results and the financial position of the Company.

3 SIGNIFICANT ACCOUNTING POLICIES

Financial reporting framework

The Company is not a reporting entity as defined in Statement of Accounting Concept ("SAC") 1 because in the opinion of the Directors there are unlikely to exist users of the financial report who are unable to command the preparation of reports tailored so as to satisfy specifically all of their information needs. Accordingly, these special purpose financial statements have been prepared to satisfy the Directors' reporting requirements under the Corporations Act 2001.

MFS INTERNATIONAL HOLDINGS PTY LTD

NOTES TO THE FINANCIAL STATEMENTS for the year ended 31 December 2017

Statement of compliance

These special purpose financial statements have been prepared in accordance with the Corporations Act 2001, the recognition and measurement requirements specified by all Australian Accounting Standards and Interpretations, and the disclosure requirements of AASB 101 *Presentation of Financial Statements*, AASB 107 *Statement of Cash Flows*, AASB 108 *Accounting Policies, Changes in Accounting Estimates and Errors*, AASB 1048 *Interpretation of Standards*, and AASB 1054 *Australian Additional Disclosures*.

The Company is exempt from, and therefore has not adopted AASB 10 *Consolidated Financial Statements* in the preparation of its special purpose financial statements. Therefore, these special purpose financial statements are separate financial statements.

Basis of preparation

The special purpose financial statements have been prepared on the historical cost basis, except as disclosed in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for the goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability which market participants would take into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these special purpose financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of AASB 2 *Share-based Payment*, leasing transactions that are within the scope of AASB 117 *Leases* and measurements that have some similarities to fair value but are not fair value, such as value in use in AASB 136 *Impairment of Assets*.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and,
- Level 3 inputs are unobservable inputs for the asset or liability.

Results of operations reflect the performance of the Company for the year ended 31 December 2017 and for the prior year ended 31 December 2016.

The principal accounting policies adopted are set out below.

Going concern basis

There are no significant likely developments in the operations of the entity in future financial years that will have an impact on the entity's ability to continue as going concern.

MFS INTERNATIONAL HOLDINGS PTY LTD

NOTES TO THE FINANCIAL STATEMENTS for the year ended 31 December 2017

Notes payable to Parent recognised in the statement of financial position consists of the MFS Reorganisation Note Certificates described further in Note 5 and Note 9 that are payable to the Parent. Although these notes are classified as a current liability as a result of the demand feature, at 31 December 2017, the Company does not expect the Parent to require settlement of the notes within twelve months after the reporting period. The Company ultimately expects to have financial resources available to settle the notes through the eventual receipt of dividends from its investments in subsidiaries.

The Directors have a reasonable expectation that the Company and MFS have adequate resources to continue in operational existence for the foreseeable future. Accordingly, they have adopted the going concern basis in preparing these special purpose financial statements.

Investments in subsidiaries

Investments in subsidiaries are recognised at cost in accordance with AASB 127 *Separate Financial Statements*, and tested for impairment when there is any indication that an impairment exists in accordance with AASB 136 *Impairment of Assets*, by comparing its recoverable amount of each investment (higher of value in use and fair value less costs of disposal) with its carrying amount. If the recoverable amount of an investment in subsidiary is estimated to be less than its carrying amount, the investment is impaired and the carrying amount of the investment is reduced to its recoverable amount with an offsetting impairment loss recognised immediately in profit or loss. When an impairment loss subsequently reverses, the carrying amount of the investment is increased to the revised estimate of its recoverable amount, but only to the extent that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the investment in prior periods. Any reversal of that impairment loss is recognised immediately in profit or loss.

Revenue recognition

Revenue is recognised at the fair value of the consideration received or receivable. Revenue may be reduced for allowances.

Intercompany service fees

The Company participates in a transfer pricing agreement with MFS and MFS's affiliates whereby the Company agrees to provide various professional services to MFS and MFS's affiliates at arms-length pricing. The transfer pricing agreement is described further in Note 5. Intercompany service fees are recognised as they are earned over the period in which the services are rendered.

Dividends from investments in subsidiaries

Dividends from subsidiaries are recognised in profit or loss when the Company's right to receive the dividend is established.

Interest income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued using the effective interest method, as described elsewhere in this note.

Foreign currency transactions

The functional currency of the Company is United States Dollars ("USD"). All amounts are presented in USD, unless otherwise noted.

MFS INTERNATIONAL HOLDINGS PTY LTD

NOTES TO THE FINANCIAL STATEMENTS **for the year ended 31 December 2017**

Transactions in currencies other than the Company's functional currency (foreign currencies), if any, are recognised in profit or loss at the rates of exchange prevailing on the date of the transactions. Exchange differences on monetary items are recognised in profit or loss in the period in which they arise.

For purposes of presenting these special purpose financial statements, the net assets and liabilities of foreign operations are translated using exchange rates prevailing at the end of each reporting period. Income and expense items are translated at the average exchange rates for the period. Exchange differences arising from translation, if any, are recognised in other comprehensive income and accumulated in equity.

Income tax

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable / recoverable is based on a taxable profit / loss for the period. Taxable profit / loss differs from profit / loss before income tax as reported in the statement of profit or loss and other comprehensive income because of items of income or expense that are taxable or deductible in other periods and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax is recognised on the differences between the carrying amounts of assets and liabilities in the special purpose financial statements and the corresponding tax bases used in the computation of taxable profit / loss. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither taxable profit nor the accounting profit.

Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax is also recognised in other comprehensive income or directly in equity, respectively.

Financial instruments

Financial assets and financial liabilities are recognised on the Company's statement of financial position when the Company becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

MFS INTERNATIONAL HOLDINGS PTY LTD

NOTES TO THE FINANCIAL STATEMENTS for the year ended 31 December 2017

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial instrument and of allocating interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts or payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial instrument, or where appropriate, a shorter period. Income from financial assets and expense from financial liabilities is recognised on an effective interest basis.

Financial assets

All financial assets are recognised and de-recognised on a trade date basis where the purchase or sale of an investment is under a contract whose terms require delivery of the investment within the timeframe established by the market concerned, and are initially measured at fair value plus transaction costs, except for those financial assets classified as at fair value through profit or loss which are initially measured at fair value.

Financial assets are classified into the following specified categories: financial assets "at fair value through profit or loss" ("FVTPL"), "held-to-maturity investments", "available-for-sale" financial assets and "loans and receivables". The classification depends on the nature and purpose of financial assets and is determined at the time of initial recognition.

Financial assets at fair value through profit or loss

Investments, which consist of investments in MFS mutual fund securities, have been classified as fair value through profit or loss, therefore, these assets are stated at fair value, with any gains or losses arising on remeasurement recognized in profit or loss. The net gain or loss recognized in profit or loss incorporates any interest earned on these financial assets and reported in investment and other expense. MFS mutual fund securities are valued at their published net asset values and are therefore categorized as Level 1 of the fair value hierarchy.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Loans and receivables (including cash and cash equivalents and other receivables) are measured at amortised cost less any impairment. The carrying amounts of loans and receivables approximate their fair value due to the relatively short-term maturity of these financial instruments.

Interest income is recognised by applying the effective interest rate method, except for short-term receivables when the recognition of interest would be immaterial.

Impairment of financial assets

Financial assets, other than those at FVTPL, are assessed for indicators of impairment at the end of each reporting period. Financial assets are considered to be impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows of the financial assets have been affected.

For financial assets carried at amortised cost, the amount of the impairment is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate.

Since the Company does not have any trade receivables, any impairment loss is recognised as a direct reduction to the carrying amount of the impaired financial asset (as opposed to being written off against an allowance account) with an offsetting amount recognised in profit or loss.

MFS INTERNATIONAL HOLDINGS PTY LTD

NOTES TO THE FINANCIAL STATEMENTS for the year ended 31 December 2017

For financial assets measured at amortised cost, if, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment loss was recognised, the previously recognised impairment loss is reversed through profit or loss to the extent the carrying amount of the investment at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not been recognised.

Derecognition of financial assets

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the consideration received and receivable is recognised in profit or loss.

Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

Financial liabilities

Financial liabilities are classified as either financial liabilities "at fair value through profit or loss" ("FVTPL") or other financial liabilities. The Company classifies its financial liabilities as other financial liabilities.

Other financial liabilities (including notes payable to Parent and other payables) are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost using the effective interest method, as applicable based on the terms of the arrangement. The carrying amounts of other financial liabilities approximate their fair value.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or they expire. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

MFS INTERNATIONAL HOLDINGS PTY LTD

NOTES TO THE FINANCIAL STATEMENTS for the year ended 31 December 2017

Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Where a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material). When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Cash and cash equivalents

Cash and cash equivalents are comprised of cash at bank with original maturities of three months or less and are subject to an insignificant risk of changes in value. The carrying amount of cash and cash equivalents approximates fair value due to the relatively short-term maturity of this financial instrument.

4 CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

The accounting policies set out in Note 3 have been consistently applied in the preparation of these special purpose financial statements. AASB requires the use of certain critical accounting estimates. It also requires management to exercise judgement in the process of applying the Company's accounting policies. Changes in assumptions may have a significant impact on these special purpose financial statements in the period the assumptions changes. Management believes that the underlying assumptions are appropriate. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to these special purpose financial statements are disclosed below.

In the application of the Company's accounting policies, management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

Critical judgements in applying the Company's accounting policies

The critical judgements, apart from those involving estimations (described elsewhere in this note) that the Directors have made in the process of applying the Company's accounting policies and that have the most significant effect on the amounts recognised in these special purpose financial statements are discussed immediately below.

As discussed in Note 3, investments in subsidiaries are accounted for at cost in the Company's separate special purpose financial statements in accordance with AASB 127. Since AASB 127 does not prescribe how to measure the initial "cost" of an investment in subsidiary acquired through reorganisation, the Company elected to measure the initial cost of each investment in subsidiary acquired as a result of the MFS Reorganisation equal to its estimated fair value as of the date of the MFS Reorganisation.

MFS INTERNATIONAL HOLDINGS PTY LTD

NOTES TO THE FINANCIAL STATEMENTS for the year ended 31 December 2017

Separately, as part of the MFS Reorganisation described further in Notes 1 and 5, the Company issued fully paid ordinary shares to MIL in exchange for the entire balance of MIL U.K.'s fully paid issued capital. The initial carrying amount of the investment in MIL U.K., measured equal to its estimated fair value as of the date of the MFS Reorganisation as discussed above (refer to Note 6 for additional details regarding the amount of the investment MIL U.K. initially recognised in the statement of financial position) was in excess of the carrying amount of the ordinary shares issued to MIL (refer to Note 10 for additional details regarding the amount issued capital recognised in the statement of financial position). Since AASB's do not prescribe how to account for such excess in common control reorganisation transaction, the Company elected to recognise this amount as a component of additional paid-in-capital in the statement of financial position.

Key sources of estimation uncertainty

The key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial period are discussed immediately below.

For purposes of measuring the initial "cost" of each investment in subsidiary as of the date of the MFS Reorganisation and subsequently testing such investments for impairment in accordance with AASB 136, the fair value of each investment in subsidiary is estimated using an allocated formula market value methodology. The value of MFS is measured equal to the estimated fair market value of MFS's common shares multiplied by the number of MFS shares available for issuance as of that same date. The methodology used to estimate the fair market value of MFS common shares as well as the number of MFS shares available for issuance is specified under the governing documents of the MFS share-based compensation plan. With respect to the estimating the fair market value of MFS's common shares, this amount is determined using a formula market value methodology based on a weighting of MFS's advisory revenue, assets under management, and pretax financial statement earnings. The value of MFS is then proportionally allocated to each MFS subsidiary, including the Company's subsidiaries, based on the relative contribution of each MFS subsidiary's to pretax income (as impacted by the transfer pricing agreement described further in Note 5) in relation to MFS's total pretax income.

For purposes of subsequently testing each investment in subsidiary for impairment in accordance with AASB 136, the value in use of each investment in subsidiary is estimated using a discounted cash flow methodology that converts estimated future profit amounts to single current amount that is discounted. As described further in Note 6, during the year ended 31 December 2017, the Company recognized an impairment loss related to its investment in MFS Luxembourg where the recoverable amount represents value in use.

5 RELATED PARTY TRANSACTIONS

MFS Reorganization

The MFS Reorganisation transaction described in Note 1 constitutes a common control reorganisation transaction. In summary, the MFS Reorganisation transaction involved the following steps, all of which occurred sequentially on 1 October 2015:

- The Company's purchase of MFS Singapore from MFS Institutional Advisors, Inc. ("MFSI"), a wholly-owned subsidiary of MFS, in exchange for a note payable (the "MFS Singapore Operating Subsidiary Note"). The effects of this step, which constitutes a non-cash investing and financing activity, are recognised in these special purpose financial statements;
- MFSI's declaration of a dividend to MFS in the form of and in the amount of the MFS Singapore Operating Subsidiary Note;
- MFS's contribution of the MFS Singapore Operating Subsidiary Note to MIL, representing additional contributed surplus by MFS in MIL;
- MFS's contribution MFS Japan and MFS Luxembourg to MIL, representing additional contributed surplus by MFS in MIL;

MFS INTERNATIONAL HOLDINGS PTY LTD

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 31 December 2017

- MIL's contribution of the fully paid issued capital of MFS Japan and MFS Luxembourg to the Company in exchange for a note payable (the "MFS Japan and MFS Luxembourg Operating Subsidiaries Note"). The effects of this step, which constitutes a non-cash investing and financing activity, are recognised in these special purpose financial statements; and
- MIL's contribution of the fully paid issued capital of MIL U.K. to the Company in exchange for fully paid ordinary shares of the Company. The effects of this step, which constitutes non-cash investing and financing activity, are recognised in these special purpose financial statements. Refer to Note 10 for details of capital issued as a result of the MFS Reorganisation.

Additional information regarding the MFS Reorganisation necessary to understand the effects of this transaction on the amounts recognised in these special purpose financial statements is included immediately below.

Investments in subsidiaries

Investments in subsidiaries recognised in the statement of financial position as a result of the MFS Reorganisation are comprised of the Company's investment in MFS Singapore, MFS Japan, MFS Luxembourg, and MIL U.K. As discussed in Note 3, investments in subsidiaries are accounted for at cost in accordance with AASB 127. In addition, the Company elected to measure the initial carrying amount of each of the aforementioned investments in subsidiaries equal to their estimated fair value as of the date of the MFS Reorganisation as determined using an allocated formula market value methodology described in Note 4. Refer to Note 6 for additional details regarding the amount of investments in subsidiaries recognised in the statement of financial position.

Notes payable to Parent

Notes payable to Parent recognised in the statement of financial position consist of the MFS Singapore Operating Subsidiary Note and the MFS Japan and MFS Luxembourg Operating Subsidiaries Note (collectively referred to as the "MFS Reorganisation Note Certificates"). As discussed in Note 3, the initial carrying amount of the notes was measured at fair value, net of transaction costs. The fair value of the notes represents the issued or face amount of the notes, which was set equal to the estimated fair values of MFS Singapore, MFS Japan, and MFS Luxembourg as of the date of the MFS Reorganisation, as determined using an allocated formula market value methodology described in Note 4. Therefore, upon initial recognition on 1 October 2015, the carrying amounts of the investments in subsidiaries attributable to the aforementioned entities were equal to the initial carrying amounts of the notes payable to Parent. Refer to Note 9 for additional details regarding the amount of notes payable to Parent recognised in the statement of financial position.

Additional paid-in-capital

As discussed in Note 4, the excess of the initial carrying amount of the investment in MIL U.K. over the carrying amount of the ordinary shares issued to MIL was recognised as a component of addition paid-in-capital in the statement of financial position. Refer to Note 6 for additional details regarding the amount of the investment MIL U.K. initially recognised in the statement of financial position and Note 10 for additional details regarding the amount issued capital also recognised in the statement of financial position.

Due to Parent

The amount due to Parent recognised in the statement of financial position consists of amounts due to the Parent used to fund other operating expenses of the Company incurred during the year. These amounts are unsecured, interest-free and due to be settled within twelve months after the reporting period.

MFS INTERNATIONAL HOLDINGS PTY LTD

NOTES TO THE FINANCIAL STATEMENTS for the year ended 31 December 2017

Loans to subsidiaries

The Company has agreed to make loans available to MFS International Management K.K. in the amount of JPY 6 billion. Interest will be charged at a rate equal to LIBOR plus 0.2%, and interest is due and payable on the first day of each calendar quarter. The principal amount or such portion as may remain outstanding will be due on 29 September 2020. As at 31 December 2017 and 2016, no amounts are due to the Company in terms of this agreement.

Transfer pricing agreement

The Company participates in a transfer pricing agreement with MFS and MFS's affiliates whereby the Company agrees to provide various professional services to MFS and MFS's affiliates at arms-length pricing. The terms of the transfer pricing agreement allow for the Company to earn intercompany service fees from MFS and MFS's affiliates that are based on the costs incurred by the Company to provide the professional services plus a reasonable mark-up of such costs, as applicable. The transfer pricing agreement has no set expiration. During 2017, the Company recognised an expense of \$11,220k (prior period: revenue \$556k) under this agreement that is reported in intercompany service fees. At 31 December 2017, the Company has no amounts receivable from MFS and MFS's affiliates related to the agreement. There is no contractual due date for any intercompany balances under this agreement, although the Company generally settles these balances with MFS and MFS's affiliates on a monthly basis.

Other transactions with related parties

During the year ended 31 December 2017, the Company purchased investments of \$58,627k from MFS Bermuda Holdings Ltd., a wholly-owned subsidiary of MFS and affiliate of the Company.

6 INVESTMENTS IN SUBSIDIARIES

Investments in subsidiaries presented in the statement of financial position are comprised of the Company's investments in MFS Investment Management Company (Lux) S.à r.l., MFS International (U.K.) Limited, MFS International Singapore Pte. Ltd., and MFS International Management K.K. that were initially recognised on 1 October 2015 as a result of the MFS Reorganisation described further in Notes 1 and 5, as well as the Company's investment in MFS International Australia Pty Ltd and MFS Financial Management (Shanghai) Company Limited.

The following is a reconciliation of the carrying amount of investments in subsidiaries presented in the statement of financial position at the beginning and end of the period ended 31 December 2016 and at the beginning and end of the year ended 31 December 2017:

	MFS Investment Management Company (Lux) S.à r.l. USD '000	MFS International (U.K.) Limited USD '000	MFS International Singapore Pte. Ltd. USD '000	MFS International Management K.K. USD '000	MFS International Australia Pty Ltd USD '000	MFS Financial Management (Shanghai) Company Limited USD '000	Total USD '000
Cost							
Balance at 1 January 2017	61,000	1,201,000	274,000	86,000	767	-	1,622,767
Additions	-	-	-	-	-	100	100
Balance at 31 December 2017	61,000	1,201,000	274,000	86,000	767	100	1,622,867

Balance at 31 December 2017	38,542	1,201,000	274,000	86,000	767	100	1,600,409
Balance at 31 December 2016	44,785	1,201,000	274,000	86,000	767	-	1,606,552

MFS INTERNATIONAL HOLDINGS PTY LTD

NOTES TO THE FINANCIAL STATEMENTS for the year ended 31 December 2017

The principal activities of MFS Investment Management Company (Lux) S.à r.l., incorporated 20 June 2000 under the laws of Luxembourg), primarily consist of the management, administration (including transfer agency services) and implementation of the distribution and administration of the MFS Investment Funds and the MFS Meridian Funds. The principal activities of MFS International (U.K.) Limited, incorporated on 24 May 1995 as a private limited liability company under the laws of England and Wales, primarily consist of promotion and marketing services in the U.K. and Europe of the MFS Investment Funds, MFS Meridian Funds and institutional accounts, the provision of investment research and analysis to MFS and its affiliates, and the provision of investment management services to institutional accounts. The principal activities of MFS International Singapore Pte. Ltd., incorporated 23 November 2012 under the laws of Singapore, primarily consist of the provision of investment management services to institutional customers as well as the provision of investment research and analysis to MFS and its affiliates. The principal activities of MFS International Management K.K., incorporated on 17 October 1998 under the laws of Japan, primarily consist of the provision of investment management and investment advisory services to MFS sponsored funds in Japan as well as the provision of investment research and analysis to MFS and its affiliates. The principal activities of each of the aforementioned entities were not impacted by the MFS Reorganisation.

Prior to 1 October 2016, MFS primarily conducted its operations in Australia through the Australia branch (the "Australia Branch", Australian Business Number 29 129 586 590) of MFS Institutional Advisors, Inc. ("MFSI"), a wholly-owned subsidiary of MFS and affiliate of the Company. The Australia Branch primarily provided investment management and research services to wholesale (i.e., institutional) clients in Australia, specifically separate account (i.e., mandate) clients and registered managed investment schemes (i.e., trusts), as well as to MFS affiliates who serve as investment managers to various global product strategies sponsored by MFS, including various collective investment schemes or separate accounts. As described in Note 1, on 1 October 2016, MFS implemented the MFS Australia Reorganization whereby all of its operations in Australia were transferred to MFS Australia. On 25 August 2015 (the date of incorporation of MFS Australia), the Company subscribed for 100 fully paid ordinary shares of Australian Dollars ("AUD") \$1.00 each in MFS Australia. The principal activities of MFS Australia, which primarily consist of conducting MFS's investment management and research services in Australia formerly conducted by the Australian Branch, did not commence until 1 October 2016 (the date of the MFS Australia Reorganisation). In conjunction with the MFS Australia Reorganisation, the Company subscribed for an additional 999,900 fully paid ordinary shares of AUD \$1.00 each in MFS Australia.

MFS Luxembourg is a party to the transfer pricing agreement, as described further in Note 5. Among other things, MFS Luxembourg provides investment management services to both the MFS Investment Funds and the MFS Meridian Funds and is compensated for such services under the transfer pricing agreement. During 2016, the transfer pricing agreement was amended with respect to how MFS Luxembourg is compensated for investment management services provided to the MFS Investment Funds to align with how it is compensated for similar services provided to the MFS Meridian Funds. This amendment adversely impacted MFS Luxembourg 2016 and 2017 profits compared to 2015 profits. As a result, the Company recognized an impairment loss of \$6,243k during the year ended 31 December 2017 to write down the carrying amount of its investment in MFS Luxembourg to its recoverable amount of \$38,542k which represents the value in use of the investment estimated using a discount rate of approximately 13%.

MFS INTERNATIONAL HOLDINGS PTY LTD

NOTES TO THE FINANCIAL STATEMENTS for the year ended 31 December 2017

7 OTHER RECEIVABLES

Other receivables presented in the statement of financial position are comprised of the following:

	2017 USD '000	2016 USD '000
Other receivables:		
Income tax recoverable from MFS and its affiliates	5,775	2,957
	<u>5,775</u>	<u>2,957</u>

8 OTHER PAYABLES

	2017 USD '000	2016 USD '000
Other payables:		
Amounts due to MFS and its affiliates	1,292	5,307
	<u>1,292</u>	<u>5,307</u>

9 NOTES PAYABLE TO PARENT

Notes payable to Parent presented in the statement of financial position is comprised of the following MFS Reorganisation Note Certificates issued by the Company on 1 October 2015 and held by MIL as of 31 December 2017 as a result of the MFS Reorganisation described further in Notes 1 and 5:

	2017 USD '000	2016 USD '000
Unsecured current- at amortised cost		
MFS Reorganisation Note Certificates:		
MFS Singapore Operating Subsidiary Note	276,417	276,417
MFS Japan and MFS Luxembourg Operating Subsidiaries Note	148,297	148,297
	<u>424,714</u>	<u>424,714</u>

The MFS Reorganisation Note Certificates were issued by the Company under a single note instrument governed and construed in accordance with the laws of England and Wales under which the Board of Directors has authorised borrowings up to an aggregate maximum principal amount of USD \$750,000k. The MFS Reorganisation Note Certificates are unsecured, accrue interest daily at a fixed rate of 3.5% per annum, and are transferable at the option of the note holder. Interest is generally payable quarterly. The MFS Reorganisation Note Certificates form a single series under the note instrument and rank pari passu equally and ratably without discrimination or preference as an unsecured debt obligation of the Company. In the event that the Company becomes insolvent, the MFS Reorganisation Note Certificates rank pari passu with other unsecured creditors of the Company, however, the notes rank ahead of any claims by holders of issued capital. The MFS Reorganisation Note Certificates are redeemable on demand at the option of the note holder. In addition, the Company may redeem or repay all or a portion of the outstanding notes at any time without penalty. Unless previously repaid, redeemed or purchased and cancelled, the MFS Reorganisation Note Certificates are redeemable on 1 October 2025 in full at par along with any outstanding accrued interest.

MFS INTERNATIONAL HOLDINGS PTY LTD

NOTES TO THE FINANCIAL STATEMENTS for the year ended 31 December 2017

10 ISSUED CAPITAL

	2017 USD '000	2016 USD '000
Authorised, issued and fully paid 100,100 ordinary shares of AUD \$1.00 each	<u>70</u>	<u>70</u>

Issued capital consists of fully paid ordinary shares, which have AUD \$1.00 par value, carry one vote per share and carry a right to dividends as and when declared by the Company.

At incorporation, the Parent subscribed for 100 fully paid ordinary shares of AUD \$1.00 each in the Company. In conjunction with the MFS Reorganisation, the Company issued 100,000 fully paid ordinary shares to the Parent in exchange for the entire balance of MIL U.K.'s fully paid issued capital.

11 DIVIDENDS

Payment of dividends to Parent presented in the statement of changes in equity is comprised of the following:

	2017 USD '000	2016 USD '000
Dividend for the year ended 31 December 2017 of \$0.00 per share (2016: \$247.20 per share)	<u>-</u>	<u>24,745</u>

12 INCOME TAX

For corporate income tax purposes, the Company is tax resident in the U.K. Therefore the tax rate used for tax on profit on ordinary activities is the standard rate for UK corporation tax, of 19.25% for the year ended 31 December 2017 (2016: 20.00%).

Income tax recognised in profit or loss

	2017 USD '000	2016 USD '000
Total current income tax benefit	2,881	2,964
Total deferred income tax expense	<u>(8)</u>	<u>-</u>
Total income tax benefit recognised in the current period	<u>2,873</u>	<u>2,964</u>

It is expected that the tax benefit will be recognised in the current year when the Company's losses are surrendered to an affiliate in the U.K. under allowable Group Relief provisions.

MFS INTERNATIONAL HOLDINGS PTY LTD

NOTES TO THE FINANCIAL STATEMENTS for the year ended 31 December 2017

The income tax benefit for the year can be reconciled to the profit before income tax in the statement of profit or loss and other comprehensive income as follows:

	2017 USD '000	2016 USD '000
Profit before income tax	128,463	82,784
