## UNAUDITED INTERIM NOTES TO FINANCIAL STATEMENTS As at 30 June 2023

#### 1. PRINCIPAL ACTIVITES

The Red Fort Partnership Limited (the 'Fund') is an open-ended Guernsey limited liability company, registered on 11 February 2010 with registration number 51464. The Fund is authorised by the Guernsey Financial Services Commission ('GFSC') under the Protection of Investors (Bailiwick of Guernsey) Law, 2020 as an authorised open ended Investment Scheme under the Class B Rules 2021. The registered office of the Fund is 1 Royal Plaza, Royal Avenue, St Peter Port, Guernsey, GY1 2HL.

The investment objective of the Fund is to seek long-term capital appreciation by investing in a portfolio substantially composed of companies operating in the gold, other precious metals and basic materials sectors. The Fund may invest in securities that are listed, unlisted, rated or unrated.

#### 2. PRINCIPAL ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these unaudited interim financial statements are set out below. These policies have been applied consistently to all the periods presented, unless otherwise stated.

#### **Basis of preparation**

The Fund's unaudited interim financial statements have been prepared in accordance with International Financial Reporting Standards ('IFRS'). The unaudited interim financial statements have been prepared under the historical cost convention, as modified by the revaluation of certain financial assets and financial liabilities at fair value and on the going concern basis.

There are new standards and amendments to existing standards that are effective for the period beginning on 1 January 2023. None of these standards or amendments are deemed relevant to the Company; hence, they have not been disclosed.

A number of new standards are effective for periods beginning on or after 1 January 2023 and early application is permitted; however, the Company has not adopted the new or amended standards in preparing these unaudited interim financial statements. None of the standards are expected to have a material impact on the Company's unaudited interim financial statements.

#### Going concern

The Directors, having considered the Company's objectives and available resources along with its projected income and expenditure, are satisfied that the Company has adequate resources to continue in operational existence for the foreseeable future. The Directors remain confident that the going concern basis remains appropriate in preparing these unaudited interim financial statements.

#### Foreign currency

#### Functional and presentation currency

The presentation currency of the Fund is United States Dollars ('USD'). Subscriptions and redemptions are effected in USD and the Directors consider that USD is also the functional currency of the Fund.

## UNAUDITED INTERIM NOTES TO FINANCIAL STATEMENTS - CONTINUED As at 30 June 2023

#### 2. PRINCIPAL ACCOUNTING POLICIES - continued

#### Foreign currency

#### Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the date of the transactions. Monetary assets and liabilities in foreign currencies are translated into the functional currency using the exchange rate prevailing at the date of the Unaudited Interim Statement of Financial Position.

Foreign exchange gains and losses arising from translation are included in the Unaudited Interim Statement of Comprehensive Income

Foreign exchange gains and losses relating to cash and cash equivalents are presented in the Unaudited Interim Statement of Comprehensive Income within 'Net loss on currency exchange'.

Where foreign currency items are held at fair value, the foreign currency movements are treated as part of the fair value change.

#### Use of estimates

The preparation of financial statements in accordance with IFRS requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the year. Actual results could differ from those estimates and assumptions.

Information about significant areas of estimation uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in the unaudited interim financial statements is included in note 10.

#### Valuation principles

The Fund's value is calculated each month based on the valuation of its underlying assets and liabilities as at 8.00am on the last business day of each month ('Valuation Day'). All subscriptions and redemptions are based on the Fund's net asset value attributable to holders of participating redeemable shares ('net asset value per share'), determined by Apex Fund Administration (Guernsey) Limited (the 'Administrator'), at values as of 8.00am on the Valuation Day.

The net assets attributable to holders of participating redeemable shares of the Fund comprise the aggregate amount of all the investments owned or contracted to be purchased by the Fund as of the Valuation Day, plus any cash, bills, accrued interest, or other property of any kind as defined from time to time by the board of Directors, from which are deducted the accrued management, custodian and administrative expenses, the value of any investments contracted to be sold, the aggregate amount of any borrowings, any interest or other charges, or other liabilities of any kind as defined from time to time by the board of Directors.

The net asset value per share is expressed in USD and is determined by dividing the net assets attributable to holders of participating redeemable shares of the Fund by the number of participating redeemable shares in issue on the Valuation Day.

## UNAUDITED INTERIM NOTES TO FINANCIAL STATEMENTS - CONTINUED As at 30 June 2023

#### 2. PRINCIPAL ACCOUNTING POLICIES – continued

#### **Financial instruments**

#### Classification

The Fund classified all equity investments as financial assets at fair value through profit or loss upon initial recognition. Financial assets that are classified as loans and receivables include cash and cash equivalents and receivables. Financial liabilities measured at amortised cost include fees payable and payables on securities purchased.

#### Recognition, derecognition and initial measurement

The Fund recognises financial assets or liabilities on the date it commits to purchase or sell the instrument. Financial instruments designated on initial recognition as financial assets at fair value through profit or loss are recognised initially at cost. For financial assets acquired, cost is the fair value of the consideration given, while for the financial liabilities, cost is the fair value of the consideration received.

Transaction fees for financial assets at fair value through profit or loss investments are not included in the amount initially recognised and are written off to the Unaudited Interim Statement of Comprehensive Income as incurred. Financial assets classified as loans and receivables are recognised on the day that they are transferred to the Fund at fair value plus transaction costs that are directly attributable to their acquisition or issue.

Financial assets are derecognised when the rights to receive cash flows have expired or the Fund has transferred substantially all the risks and rewards of ownership. Any gain or loss on derecognition is recognised in the Unaudited Interim Statement of Comprehensive Income under 'Net capital gains/(losses) on investments at fair value through profit or loss'.

Financial liabilities are recognised initially at fair value plus transaction costs that are directly attributable to their acquisition or issue. Financial liabilities arising from the participating redeemable shares issued by the Fund are carried at the redemption amount representing the investors' rights to a residual interest in the Fund's assets. Financial liabilities are not recognised unless one of the parties has performed their obligations under the agreement.

#### Subsequent measurement

Subsequent to initial recognition, all financial assets designated at fair value through profit or loss are measured at fair value, with changes in the fair value recognised in the Unaudited Interim Statement of Comprehensive Income. Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction. The fair value of financial instruments is based on their quoted market prices on a recognised exchange or, in the case of non-exchanged traded instruments, sourced from a reputable broker/counterparty at the date of the Unaudited Interim Statement of Financial Position without any deduction for estimated future selling costs. The Fund only holds long positions, which are valued at bid price.

#### Unrealised gains and losses on subsequent measurement

Unrealised gains and losses arising from changes in the fair value of investments during the period are recognised in the Unaudited Interim Statement of Comprehensive Income under 'Net capital gains/(losses) on investments at fair value through profit or loss'.

### UNAUDITED INTERIM NOTES TO FINANCIAL STATEMENTS - CONTINUED As at 30 June 2023

#### 2. PRINCIPAL ACCOUNTING POLICIES – continued

#### **Financial instruments (continued)**

In the case of any security which is listed or dealt on more than one stock exchange, the Directors shall determine the stock exchange whose quotations shall be used in the determination of the value of such a security. This determination is made consistently from period to period, and between different investments.

In the case of any security for which no price quotations are available, the value thereof shall be determined in such manner as the Directors shall from time to time determine.

#### Due from and due to brokers

Amounts due from and to brokers represent receivables for securities sold and payables for securities purchased that have been contracted for but not yet settled or delivered on the date of the Unaudited Interim Statement of Financial Position respectively.

#### Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and cash on deposit.

#### Income

Interest income is accounted for on an accruals basis and recognised in the Unaudited Interim Statement of Comprehensive Income. Interest income includes interest earned on cash held at bank on call and on deposit.

Dividend income from investments is accounted for on an ex-dividend basis, gross of applicable withholding taxes and is recognised in the Unaudited Interim Statement of Comprehensive Income within investment income when the Fund's right to receive payments is established.

Redemption charge income is accounted for on an accruals basis and is recognised in the Unaudited Interim Statement of Comprehensive Income and is calculated in line with the Private Placement Memorandum of the Fund.

#### Accrued expenses

Accrued expenses are recognised initially at fair value and subsequently stated at amortised cost using the effective interest method. Due to the short-term nature of accrued expenses, their amortised cost approximates to their fair value.

#### Participating redeemable shares

The Fund issues one class of participating redeemable share which is redeemable at the holder's option. Such shares are classified as equity. Participating redeemable shares can be redeemed at any time for cash equal to a proportionate share of the Fund's net asset value per share. The participating redeemable shares are carried at the redemption amount that is payable at the date of the Unaudited Interim Statement of Financial Position if the holder exercises the right to redeem their shares in the Fund.

Participating redeemable shares are issued and redeemed at the holder's option at prices based on the Fund's net asset value per share at the time of issue or redemption. In accordance with the provisions of the Fund's offering memorandum, investment positions are valued based on the last traded market price for the purpose of determining the net asset value per share for subscriptions and redemptions.

#### UNAUDITED INTERIM NOTES TO FINANCIAL STATEMENTS - CONTINUED As at 30 June 2023

#### 2. PRINCIPAL ACCOUNTING POLICIES - continued

Increase/decrease in net assets attributable to holders of participating redeemable shares Income not distributed is included in net assets attributable to holders of participating redeemable shares.

#### Taxation

The Fund resides for taxation purposes in Guernsey, where it pays an annual tax exemption fee of GBP 1,200 (2022: GBP 1,200) subject to the provisions of The Income Tax (Exempt Bodies) (Guernsey) Ordinance, 1989.

The Fund may be subject to foreign withholding tax on certain interest, dividends and capital gains.

#### 3. SIGNIFICANT AGREEMENTS

The following significant contracts have been entered into by the Fund:

#### **Investment Advisory Agreement**

Under the Investment Advisory Agreement, JB Management (UK) LLP (the 'Advisor') receives from the Fund an advisory fee on a sliding scale on the total Net Asset Value ("NAV"), payable monthly in arrears on a pro rata basis. For the first USD 50m of NAV, the fee is 1%; on the next USD 50m of NAV (i.e. from USD 50m to USD 100m), the incremental fee is 0.75%; and above USD 100m NAV, the incremental fee is charged at 0.25%." In addition to the advisory fee, a performance allocation fee is calculated and paid annually at a rate of 10% on the increase in the net asset value per share over a hurdle equal to the aggregate annual return of the USD SPDR Gold Shares ETF traded on the New York Stock Exchange at 8.00 am Guernsey time, over the calculation period.

The Advisor is also entitled to receive a Performance Allocation Redemption if participating redeemable shares are subscribed for at a time when the net asset value per share is less than the peak net asset value per share (as defined in the Private Placement Memorandum), in an amount equal to 10% of the appreciation in the value of those shares from the net asset value per share at subscription up to the peak net asset value per share. The Performance Allocation Redemption will be charged at the end of each calculation period by redeeming participating redeemable shares from the respective investors.

#### **Custodian Agreement**

Under a Custody Agreement, Butterfield Bank (Guernsey) Limited (the 'Custodian') is entitled to receive a percentage based figure based on the NAV. From the Fund an annual fee for core custodian trustee activities of GBP 7,500, plus an annual custody fee of 0.050% on the first GBP 25m of the NAV, 0.035% on the next GBP 25m, 0.020% on the next GBP 25m and 0.010% thereafter, subject to a minimum of GBP 5,000 per annum.

#### **Administration Agreement**

Under the Administration Agreement, MJ Hudson Fund Services Guernsey Limited (the 'Administrator') receives from the Fund a fee computed and payable quarterly in arrears. The fee is calculated at the rate of 0.125% of the net asset value of the Fund for the first USD 50m, 0.10% on the net asset value between USD 50m and USD 300m and 0.04% thereafter, with an overall minimum fee per annum of USD 110,000 (2021: USD 110,000). The Fund Administrator is also reimbursed all out-of-pocket expenses reasonably incurred.

#### 9. RELATED PARTY TRANSACTIONS

Participating redeemable shares carry limited voting rights. Full voting rights attach to the management shares in issue. The Investment Advisor, a limited liability partnership registered in England and Wales, owns the management shares in issue. The Investment Advisor subscribed for these shares for a total consideration of USD 151 (2022: USD 151). Day to day control of the company is vested in the board of Directors.

The bases of calculation of the fees due to the Investment Advisor are set out in note 3. The Investment Advisor received remuneration of USD 118,600 (2022: USD 127,509) from the Fund during the period in respect of normal services provided, with USD 18,543 (2022: USD 17,773) outstanding at the end of the period.

The Investment Advisor did not receive a Performance Fee (2022: USD nil) or a Performance Allocation Redemption (2022: USD nil) from the relevant investors during the period. The Investment Advisor holds 11,125.30 (2022: 11,121.62) participating redeemable shares in the Fund at the end of the period.

During the period, the Directors charged fees of USD 24,997 (2022: USD 24,861), of which USD 12,464 (2022: USD 12,465) were outstanding at the end of the period.

Mr J Baring, a Director of the Fund, together with his close family, has an indirect beneficial interest in the Fund, of 22.15% (31 December 2022: 21.38%). Mr J Baring is also a Partner of the Investment Advisor.

Mr R Evans, a Director of the Fund, has an indirect beneficial interest in the Fund, as a Shareholder of a company owned jointly with his wife, of 2.79% (31 December 2022: 2.82%).

### UNAUDITED INTERIM NOTES TO FINANCIAL STATEMENTS - CONTINUED As at 30 June 2023

#### 10. FINANCIAL INSTRUMENTS AND FINANCIAL RISK MANAGEMENT,

During the year, the Fund entered into transactions which gave rise to the following financial assets and liabilities: investments, receivables, cash and cash equivalents and payables.

#### Market risk

Market risk is affected by three main components: price risk, interest rate risk and currency risk.

#### **Price risk**

The Fund is exposed to price risk on its financial instruments. There is a risk that the value of a financial instrument will fluctuate as a result of changes in market prices, whether those changes are caused by factors specific to the individual financial instrument held or factors affecting all financial instruments traded in the market.

At 30 June 2023, the Fund has a diversified equity portfolio. The Fund has equity securities which comprise 98.41% (31 December 2022: 97.56%) of net assets.

If the bid prices at 30 June 2023 had increased by 5% with all other variables held constant, this would have increased net assets attributable to holders of participating redeemable shares by approximately USD 1,108,318 (31 December 2022: USD 1,123,810). Conversely, if the bid prices had decreased by 5%, this would have decreased net assets attributable to holders of participating redeemable shares by approximately USD 1,108,318 (31 December 2022: USD 1,123,810).

#### Interest rate risk

The Fund is exposed to interest rate risk to the extent that prevailing interest rates may fluctuate on the floating rate instruments.

The exposure at 30 June 2023 of financial assets and financial liabilities to interest rate risk is limited to cash and cash equivalents of USD 442,296 (31 December 2022: USD 640,639). Cash and cash equivalents are all due within one year.

The majority of the Fund's financial assets and liabilities are non-interest bearing. As a result, the Fund is not subject to significant amounts of risk due to fluctuation in the prevailing levels of interest rates.

#### UNAUDITED INTERIM NOTES TO FINANCIAL STATEMENTS - CONTINUED As at 30 June 2023

#### 10. FINANCIAL INSTRUMENTS AND FINANCIAL RISK MANAGEMENT – continued

#### **Currency risk**

A portion of the net assets of the Fund are denominated in currencies other than United States Dollars, with the effect that the Unaudited Interim Statement of Financial Position and Unaudited Interim Statement of Comprehensive Income can be affected by currency movements.

As at 30 June 2023, the Fund's net currency exposure on investments and other assets, comprising cash and cash equivalents, purchases and sales awaiting settlement and unsettled foreign exchange contracts can be analysed as follows:

	Investments USD	Other assets USD	Total USD
30 June 2023	050	030	030
Australian Dollar	5,150,233	104,947	5,255,180

United States Dollar	515,901	348,667	864,568
	22,476,201	640,639	23,116,840

If the foreign exchange rates at 30 June 2023 had increased by 5% with all other variables held constant, this would have increased net assets attributable to holders of participating redeemable shares by approximately USD 1,156,258 (31 December 2022: USD 1,171,177). Conversely, if the foreign exchange rates had decreased by 5%, this would have decreased net assets attributable to holders of participating redeemable shares by approximately use shares by approximately USD 1,046,138 (31 December 2022: USD 1,059,636).

## UNAUDITED INTERIM NOTES TO FINANCIAL STATEMENTS - CONTINUED As at 30 June 2023

#### 10. FINANCIAL INSTRUMENTS AND FINANCIAL RISK MANAGEMENT – continued

#### Liquidity risk

Liquidity risk, also referred to as funding risk, is the risk that the Fund will encounter difficulty in raising funds to meet commitments associated with financial instruments. Liquidity risk may result from an inability to sell a financial asset quickly at, or close to, its fair value. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities, and the availability of liquid assets.

Numerical liquidity risk disclosures are not presented on grounds of significance since the Fund has a very low level of liabilities, the majority of which are predictable, and the Fund's securities are listed on regulated stock exchanges and are considered readily realisable.

The Fund is also exposed to liquidity risk in respect of monthly cash redemptions of participating redeemable shares. Its policy is therefore to invest the majority of its assets in investments that are traded in an active market and can be readily disposed. In addition, redemption requests from shareholders must be received by the Fund at least 20 business days prior to the dealing day.

#### Credit risk

The Fund is exposed to material credit risk on its cash and cash equivalents and investments. Failure of the transaction counterparty to perform their obligations under the financial instruments may lead to a financial loss. The credit risk in respect of cash balances is mitigated by placing cash with a reputable banking institution with a sound credit rating, the Custodian.

No classes of financial assets contain impaired assets. The maximum exposure to credit risk over financial assets is the carrying value of those assets in the Unaudited Interim Statement of Financial Position.

All financial assets of the Fund have maturities of less than 30 days.

The Fund does not have any collateral held as security or other credit enhancements as at 30 June 2023 (31 December 2022: nil).

#### Fair value

The Fund classifies fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurements in its entirety.

#### Fair value – continued

For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgement, considering factors specific to the asset or liability. The determination of what constitutes 'observable' requires significant judgement by the Fund. The Fund considers observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

The following table analyses, within the fair value hierarchy, the Fund's financial assets (by class) measured at fair value at 30 June 2023:

	Level 1 USD	Level 2 USD	Level 3 USD	Total USD
30 June 2023 Investments				
Equity securities	21,775,960		390,409	22,166,369
	Level 1 USD	Level 2 USD	Level 3 USD	Total USD
31 December 2022 Investments				
Equity securities	22,104,847		371,354	22,476,201

Investments, whose values are based on quoted market prices in active markets, and therefore classified within level 1, include active listed equities. The Fund does not adjust the quoted price for these instruments.

#### Capital risk management

The capital structure of the Fund consists of management shares and participating redeemable shares.

The Fund has issued 100 management shares of GBP 1.00 each. 99 of the management shares are held by the Advisor and 1 management share is held by a nominee company on behalf of the Advisor.

The participating redeemable shares issued by the fund provide the holder with the right to require redemption for cash at a value proportionate to the holder's share in the Fund's net assets at each monthly dealing date. The participating redeemable shares are classified within equity.

A description of the rights of each type of shares issued by the Fund is given in note 7.
