Portals Finance 1 Limited

Strategic report

The Directors present their strategic report of the Company for the period ended 26 February 2023.

Principal activities

The Company operates as an investment holding company with loan notes listed on the International Stock Exchange in Guernsey.

Results

The results for the period are set out in the profit and loss account on page 9. The profit for the financial period amounted to £0.0m (2022 11mths: -£60.0m). The loss in the prior year reflected the impairment of intercompany financial assets impaired following the announcement of the wind down of banknote operations in Overton. The Company's financial position is presented in the balance sheet on page 10 and related notes.

The Board's Statement on s172

The Board of Directors, in line with their duties under s172 of the Companies Act 2006, act in a way they consider, in good faith, would be most likely to promote the success of the Company for the benefit of its members as a whole, and in doing so have regard to a range of matters when making decisions for the long term. Key decisions and matters that are of strategic importance to the Company are appropriately informed by s172 factors (a-f).

Being a holding company with no employees, the key stakeholders of the business are the shareholders. As owners of our ultimate Group (see note 14) and Company, the Directors welcome the support of our shareholders. The controlling shareholder has nominated two directors with whom the Group maintains an active and open dialogue through one-to-one meetings and the regular monthly management board meetings which cover a wide range of topics including financial performance, target setting, strategy, outlook, governance and ethical practices.

Principal risks and uncertainties facing the Company

As the Company has no trade, but acts as a holding company, the Directors consider the main risk is that of the performance of the Company's trading entity, the results of which will have an impact on the valuation of its investments and collectability of intercompany debts. Details of the risks and uncertainties faced by the Company's subsidiaries can be found in their respective Annual report and financial statements. The Directors do not consider that the Company is subject to any other significant risks and uncertainties. The Directors closely monitor the performance of the subsidiary entities.

Key performance indicators (KPIs)

The Directors consider that the use of key performance indicators is not appropriate to the understanding of the development, performance or position of the Company's business as an intermediate holding company.

Strategy and future developments

The Company's strategy is to continue to act as a holding company and to support Portals Finance 2 Limited through the provision of intercompany financing.

Approved by the Board and signed on its behalf by

Andrew Nash

Directors' report

The Directors present their report on the affairs of the Company together with the audited financial statements and independent auditors' report for the period ended 26 February 2023.

Directors

The Directors who held office during the period and up to the date of signing the financial statements are given below:

R Holliday

A Nash appointed 4 August 2023

J-B Rancon

Business environment

The Company and its subsidiary undertakings continue to operate in a challenging geo-political macro-economic environment. Despite the decision (announced during the period) to exit the Banknote Paper market and close down operations in the Overton site, the Group's UK trading entity (Portals Paper Limited) continues to be responsive and adaptable to Security paper market needs, while actively seeking new product and service solutions and business development opportunities.

Future developments

The future developments of the Company have been disclosed in the Strategic report on page 2.

Results and position of the Company

The results and performance of the Company have been disclosed in the Strategic report on page 2.

Risks and uncertainties

The principal risks and uncertainties of the Company have been disclosed in the Strategic report on page 2.

Dividends

No dividends were paid during the period and the Directors do not recommend the payment of a final dividend (2022: Nil).

Financial risk management

Due to the nature and size of the business the Directors consider that any financial risk is negligible. The Company has no direct exposure to equity securities price risk as it holds no listed equity investments. The Company has no direct exposure to credit risk as there are no external customers. All of the Company's external debt during the period was at fixed interest rates.

Directors' indemnities

A subsidiary undertaking maintained liability insurance for the Company's Directors and Officers throughout the financial period and up to the date of this report.

Portals Finance 1 Limited

Directors' report (continued)

Directors' responsibilities Statement

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law, including FRS 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs and profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- state whether applicable United Kingdom Accounting Standards, have been followed, subject to any material departures disclosed and explained in the financial statements;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Going concern

The Directors have adopted the going concern basis in preparing the financial statements, as reported in note 3.

Directors' confirmations

The directors confirm that:

- so far as each director is aware, there is no relevant audit information of which the Auditor is unaware; and
- the directors have taken all the steps that they ought to have taken as directors in order to make themselves aware of any relevant audit information and to establish that the Auditor is aware of that information.

Approved by the Board and signed on its behalf by

Portals Finance 1 Limited

Independent auditors' report to the members of Portals Finance 1 Limited

Opinion

We have audited the financial statements of Portals Finance 1 Limited (the 'company') for the period ended 26 February 2023, which comprise the profit and loss account, balance sheet, statement of changes in equity and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the state of the company's affairs as at 26 February 2023 and of the profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the 'Auditor's responsibilities for the audit of the financial statements' section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions related to going concern

We are responsible for concluding on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify the auditor's opinion. Our conclusions are based on the audit evidence obtained up to the date of our report. However, future events or conditions may cause the company to cease to continue as a going concern.

In our evaluation of the directors' conclusions, we considered the inherent risks associated with the company's business model including effects arising from macro-economic uncertainties such as rising energy costs and inflation rates, we assessed and challenged the reasonableness of estimates made by the directors and the related disclosures and analysed how those risks might affect the company's financial resources or ability to continue operations over the going concern period.

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Portals Finance 1 Limited

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report have been prepared in accordance with applicable legal requirements.

Matter on which we are required to report under the Companies Act 2006

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the strategic report or the directors' report.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement set out on page 4, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Portals Finance 1 Limited

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below:

- The Company are subject to many laws and regulations where the consequences of noncompliance could have a material effect on amounts or disclosures in the financial statements. We identified areas of laws and regulations that could reasonably be expected to have a material effect on the financial statements from our general commercial and sector experience and through discussion with the Directors, and from inspection of legal and regulatory correspondence.
- We obtained an understanding of the legal and regulatory frameworks that are applicable to the group and determined that the most significant which are directly relevant to specific assertions in the financial statements are those related to the reporting frameworks (FRS 102 and the Companies Act 2006) and the relevant tax compliance regulations in the UK.
- We communicated relevant laws and regulations and potential fraud risks to all engagement team members, including internal specialists, and remained alert to any indications of fraud or non-compliance with laws and regulations throughout the audit.
- We assessed the susceptibility of the Group and Company's financial statements to material misstatement, including how fraud might occur, by evaluating management's incentives and opportunities for manipulation of the financial statements. This included the evaluation of the risk of management override of controls. We determined that the principal risks were in relation to:
 - potential management bias in determining accounting estimates; and
 - journal entries that increased revenues or that reclassified costs from the statement of comprehensive income to the Balance Sheet.
- Our audit procedures involved:
 - evaluation of the design effectiveness of controls that management has in place to prevent and detect fraud;
 - challenging assumptions and judgements made by management in its significant accounting estimates;
 - identifying and testing journal entries, with a focus on material manual journals and in particular any journal entries posted with unusual account combinations, that increased revenues or that reclassified costs from the Profit and Loss account to the Balance Sheet;
 - testing the completeness of the company's related party transactions through information obtained and testing that these transactions had a valid business purpose; and
 - assessing the extent of compliance with the relevant laws and regulations as part of our procedures on the related financial statement item.
- In addition, we completed audit procedures to conclude on the compliance of disclosures in the annual report and accounts with applicable financial reporting requirements.

Portals Finance 1 Limited

- These audit procedures were designed to provide reasonable assurance that the financial statements were free from fraud or error. The risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error and detecting irregularities that result from fraud is inherently more difficult than detecting those that result from error, as fraud may involve collusion, deliberate concealment, forgery or intentional misrepresentations. Also, the further removed non-compliance with laws and regulations is from events and transactions reflected in the financial statements, the less likely we would become aware of it;
- We did not identify any matters relating to non-compliance with laws and regulation or relating to fraud.
- Our assessment of the appropriateness of the collective competence and capabilities of the engagement team included consideration of the engagement team's:
 - understanding of, and practical experience with audit engagements of a similar nature and complexity through appropriate training and participation; and
 - knowledge of the industry in which the client operates.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Notes to the financial statements for the period ended 26 February 2023

1. General Information

The Company's business is that of an investment holding company.

The Company is a private company limited by shares and is incorporated in England. The address of its registered office is Bathford Mill, Bathford Hill, Bathford, Bath, Somerset, BA1 7QG, United Kingdom.

2. Statement of compliance

The financial statements of Portals Finance 1 Limited have been prepared in compliance with United Kingdom Accounting Standards, including Financial Reporting Standard 102, "The Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland" ("FRS 102") and the Companies Act 2006.

3. Summary of significant accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the periods presented unless otherwise stated.

Basis of preparation

The financial statements have been prepared under FRS 102, under the historical cost convention. The preparation of financial statements in conformity with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Company's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed on page 14 below.

The financial statements have been prepared for the 12-month period to 26 February 2023. The prior accounting period is for the 11-month period to 28 February 2022. The functional and presentational currency is pounds sterling and the numbers are displayed to the nearest thousand unless otherwise indicated.

The Company is a qualifying entity for the purposes of FRS 102, being a member of a group where the parent of that group prepares publicly available consolidated financial statements, including this company, which are intended to give a true and fair view of the assets, liabilities, financial position and profit or loss of the group. The Company is a wholly owned subsidiary of Portals International Limited (No: 11159875). The Company is included in the consolidated financial statements of Portals International Limited which are publicly available. Therefore, the Company is exempt by virtue of section 400 of the Companies Act 2006 from the requirement to prepare consolidated financial statements. These financial statements are the Company's individual financial statements.

The Company has also taken advantage of exemptions from the following disclosure requirements for parent company information presented within the consolidated financial statements:

- Section 7 'Statement of Cash Flows': Presentation of a statement of cash flow and related notes and disclosures;
- Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instrument Issues': Interest income/expense and net gains/losses for each category of financial instrument; basis of determining fair values; details of collateral, loan defaults or breaches, details of hedges, hedging fair value changes recognised in profit or loss and in other comprehensive income;

Notes to the financial statements (continued)

for the period ended 26 February 2023

3. Summary of significant accounting policies (continued)

Going concern

The Company reported a breakeven position for the year, net current assets of £27m and net liabilities of £61m.

As at 26 February 2023 the Company meets its funding requirements primarily via a loan facility from its Group parent company, Portals Finance 2 Limited. The Group's financing arrangements consisted of bank term loan, a revolving credit facility with HSBC and shareholder funding by way of loan notes and preference shares.

As noted in the strategic report on page 2, the Group announced it would be commencing an orderly wind down of operations at the Overton paper mill. Following the global pandemic and other geo-political events the Group has seen a significant adverse impact on its banknote paper business, specifically in the change of strategy of the largest customer De La Rue plc, together with the rising input costs of energy and labour meant the banknote paper business at Overton was no longer considered viable.

The Group, as agreed with its primary funders, has commenced an orderly wind down of the Overton site which will allow Portals to fully focus on the ongoing successful parts of its business including the paper mill in Bathford, Somerset, which focusses on the supply of high security papers.

The Directors have prepared detailed profit and loss and cashflow forecasts and projections, which cover a period to February 2025 on a cautiously realistic basis. These take account of the Overton orderly wind down plan, the continuing macro-economic impact from geo-political risks, plausible downside scenarios and the ongoing support of its banking and investment partners, show that the Group should be able to continue to operate within their currently available credit facilities throughout the period of at least 12 months from the date of approval of these financial statements.

The Directors have considered and modelled (i) plausible downside scenarios that reflect the possible impact of key risks as detailed in the risk section on page 2 of the Strategic Report, as well as (ii) potential downside risks as a result of the geo-political climate / higher energy prices. In the unlikely scenario these downsides were to occur, the Directors have considered and modelled the mitigating actions they would take, within their control, including cost reduction programmes, delays to overhead and discretionary capital expenditure and pass through of cost increases to customers.

The result of the above modelling of the base case, adjusted for plausible downside scenarios, which include the continuing macro-economic impacts from geo-political risks as described and mitigating actions, results in a 'reasonable worst-case scenario' which has been used as the basis of the going concern conclusion. This model, which covers a period of more than 12 months from the date of approval of these financial statements, show that the UK entities are able to still operate within the available banking facilities under a 'reasonable worst case' forecast of a c20% reduction in EBITDA in 2024 (measured against the base case forecast) and meet their liabilities as they fall due.

Portals Finance 1 Limited

Notes to the financial statements (continued)

for the period ended 26 February 2023

3. Summary of significant accounting policies (continued)

Going concern (continued)

As such, the Directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Accordingly, the Directors have continued to adopt the going concern basis in preparing the financial statements.

Interest receivable and payable

Interest receivable and payable is accounted for on an accruals basis in the profit and loss account using the effective interest method.

Taxation

The charge for taxation is based on the profit / loss for the period and takes into account taxation deferred because of timing differences between the treatment of certain items for taxation and accounting purposes.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more, or a right to pay less, tax in the future have occurred at the balance sheet date, with the exception that deferred tax assets are recognised only to the extent that the Directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured on a non-discounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

Employees

The Company had no employees, other than the Directors, during the current and prior period.

Critical Accounting Judgements and Key Sources of Estimation Uncertainty

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the application of the accounting policies and the reported amounts of assets and liabilities and expenses. Actual results may differ from these estimates.

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are reasonable under the circumstances. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Key sources of estimation uncertainty include:

- carrying value of intercompany financial assets (Impairments are made where recoverability is considered doubtful - see page 15)

The Directors have applied the values they consider to be the most appropriate.

Portals Finance 1 Limited

Notes to the financial statements (continued)

for the period ended 26 February 2023

3. Summary of significant accounting policies (continued)

Investments

Investments in subsidiary undertakings are recorded at cost plus incidental expenses less any provision for impairment. Impairment reviews are performed by the Directors when there has been an indication of potential impairment.

Financial instruments

The Group has chosen to adopt Sections 11 and 12 of FRS102 in respect of financial instruments. Financial instruments are measured at fair value at the date the contract is entered into and subsequently remeasured to their fair value at each balance sheet date with the gain or loss being taken to the profit & loss account. Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument.

Financial assets, liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities.

All financial assets and liabilities are initially measured at transaction price (including transaction costs) and subsequently at cost less impairment or amortised cost, except for those financial assets and liabilities classified as at fair value. Impairment reviews are performed by the Directors when there has been an indication of potential impairment or recoverability is considered doubtful.

Financial assets and liabilities are only offset in the statement of financial position when there exists a legally enforceable right to set off the recognised amounts and the Company intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously. Interest bearing loans are recorded at the proceeds received and subsequently measured at amortised cost. Finance charges are accounted for on an accruals basis in the income statement.

Cash and cash equivalents

Cash and cash equivalents, which includes cash in hand, cash at bank and short-term deposits of less than three months, denominated in foreign currencies has been translated to Sterling using exchange rates prevailing at the end of the financial period.

Share Capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new ordinary shares or options are shown in equity as a deduction, net of tax, from the proceeds.

Auditors' and Directors' remuneration

Auditors' and Directors' remuneration is borne by the Company's wholly owned subsidiary, Portals Paper Limited, with no recourse to the Company.

Portals Finance 1 Limited

Notes to the financial statements (continued)

for the period ended 26 February 2023

4. Finance charges / income (net)

	2023 12mths £000	2022 11mths £000
Interest payable and similar expenses	(8,039)	(6,785)
Interest receivable and similar income	8,071	6,798
	32	13

Interest payable and similar expenses

	2023 12mths £000	2022 11mths £000
Fixed rate unsecured loan notes	(4,637)	(3,920)
Loans from parent undertaking	(3,402)	(2,865)
	(8,039)	(6,785)

Interest receivable and similar income

	2023 12mths £000	2022 11mths £000
Loans to subsidiary undertaking	8,071	6,798

5. Change in Fair value of assets

	2023 12mths £000	2022 11mths £000
Impairments	-	(60,080)
	-	(60,080)

Following the announcement of the phased closure of the Overton banknote site, the assets and related cashflows related to this part of the operation were assessed for impairment and have been written down to their estimated recoverable values. The impairment recognised was in relation to intercompany financial assets.

Portals Finance 1 Limited

Notes to the financial statements (continued)

for the period ended 26 February 2023

6. Tax charge on profit / loss

a) The tax charge comprises:

	2023 12mths £000	2022 11mths £000
UK corporation tax		
Current period	-	-
Adjustments with respect to prior years	-	-
Total current tax	-	-

b) The tax assessed for the period is higher than the standard rate of corporation tax of 19% (2022: 19%) in the UK for the period ended 26 February 2023. The differences between the total current tax shown above and the amount calculated by applying the standard rate of UK corporation tax to the loss before taxation are as follows:

	2023 12mths £000	2022 11mths £000
Profit / (loss) before taxation	30	(60,072)
Profit / (loss) before taxation multiplied by standard rate in the UK of 19% (2022: 19%)	(6)	11,414
Effects of:		
Interest not deductible for tax purposes	(646)	(744)
Origination and reversal of timing differences	-	-
Group relief	652	745
Charges not allowable / taxable for tax	-	(11,415)
Adjustments with respect to prior years	-	-
Tax on profit / (loss)	-	-

c) Factors that may affect future tax charges

The deferred tax assets and liabilities at 26 February 2023 have been calculated based on the rate of 25%, being the substantively enacted rate at the balance sheet date, due to apply from April 2023. Adjustments have been made for any material timing differences expected to reverse before the UK tax rate changes from 19% to 25% from April 2023.
