QUIDNET REIT LTD

STRATEGIC REPORT

FOR THE YEAR ENDED 31 DECEMBER 2025

The directors present the strategic report for the year ended 31 December 2025.

Fair review of the business

The company has continued to improve rental income within assets held throughout the year through active asset management and continued to execute on focused capital investment initiatives. Rent receivable was down by 10.33% to £1.8 million (2024: £2.01 million) mainly due to disposal of an asset during the year. Operating profit was down by 37.97% to £1.07 million (2024: £1.72 million) due to high vacancy costs across the newly refurbished assets. Pre-tax loss was £0.69 million (2024: £1.41 million profit) due to the revaluation loss on the Gatwick House & Darlington assets. Loss after tax for the was £0.46 million (Profit after tax, 2024: £0.97 million). The shareholders funds at reporting date were £16.33 million (2024: £18.03 million), equating to a net asset value per share of £2.27 (2024: £2.51). Adjusted earnings per share were 3.21p (2024: 8.2p).

At the year end, the total annual rent roll was £1.59 million (2024: £1.95 million), with occupancy of 52.2% (2024: 61.5%). The company continues to realise income from resale of generated energy to existing tenants and/or the grid supplier.

Principal risks and uncertainties

The principal risks to the business are:

i) Tenant risk: ensuring that our portfolio lettings are not concentrated to a particular tenant, business or sector is one of ways we mitigate tenant risk. We also engage our tenants on a property level to ensure that we are can be aware of any arising issues and take appropriate actions to resolve.

ii) Interest rate risk: we use interest rate swaps to fix our interest position on the majority of our external debt balance. This mitigates the risk of fluctuating interest payments and improves financial planning.

Corporate Code

Given the current stage of development of Quidnet REIT Limited, the company has not adopted a formal code of corporate governance. This is being kept under constant review by the directors.

Sustainability Review

During the year the company continued its sustainability initiatives.

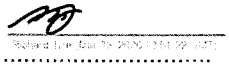

Post balance sheet events

A payment of a further interim dividend of 5p per share amounting to £359,501 was made in January 2026. It is not planned to pay a final dividend.

REIT Status

Following the cessation of REIT status on 9 August 2021, the company is liable for tax on its property rental business profits and gains for the period commencing 10 August 2021. The company is working on plans to meet the requirement that resulted in the cessation and will keep shareholders informed.

On behalf of the board

Mr R J S Tice
Director

Date: 26.03.26

QUIDNET REIT LTD

DIRECTORS' REPORT

FOR THE YEAR ENDED 31 DECEMBER 2025

The directors present their annual report and financial statements for the year ended 31 December 2025.

Principal activities
The principal activity of the company is that of real estate investment and management.

Directors
The directors who held office during the year and up to the date of signature of the financial statements were as follows:

Mr R J S Tice
Mr N J G Tribe
Mr J P Purcell

Results and dividends
The results for the year are set out on page 9.

The company has continued to improve rental income within assets held throughout the year through active asset management and continued to execute on focused capital investment initiatives. Rent receivable was down by 10.33% to £1.8 million (2024: £2.01 million) mainly due to disposal of an asset during the year. Operating profit was down by 37.97% to £1.07 million (2024: £1.72 million) due to high vacancy costs across the newly refurbished assets. Pre-tax loss was £0.69 million (2024: £1.41 million profit) due to the revaluation loss on the Gatwick House & Darlington assets. Loss after tax for the was £0.46 million (Profit after tax, 2024: £0.97 million). The shareholders funds at reporting date were £16.33 million (2024: £18.03 million), equating to a net asset value per share of £2.27 (2024: £2.51). Adjusted earnings per share were 3.21p (2024: 8.2p).

During the year, an interim ordinary dividend was paid of 5p per share amounting to £359,501 (2024: £359,501). A payment of a further interim dividend of 5p per share amounting to £359,501 (2024: £359,501) was made in January 2026.

The aim of the company is to grow revenues so we can grow the dividend on a long term sustainable basis.

Asset Manager commentary
Occupier demand continues though we are seeing some reticence to make firm decisions in the light of fluid government decision making. We are under offer to let our remaining industrial unit in Northampton following its comprehensive refurbishment.

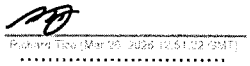

The ongoing refurbishment and split of unit 14 Hawkley Brook Wigan is almost complete. We are already seeing tenant interest both new to the estate and from some existing occupiers.

Auditor
During the year, Taylor Associates LLP were appointed as auditor to the company.

Statement of directors' responsibilities
The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

Statement of disclosure to auditor
So far as each person who was a director at the date of approving this report is aware, there is no relevant audit information of which the company's auditor is unaware. Additionally, the directors individually have taken all the necessary steps that they ought to have taken as directors in order to make themselves aware of all relevant audit information and to establish that the company's auditor is aware of that information.

On behalf of the board

QUIDNET REIT LTD

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF QUIDNET REIT LTD

Opinion

We have audited the financial statements of Quidnet REIT Ltd (the 'Company') for the year ended 31 December 2025 which comprise the Statement of Comprehensive Income, the Statement of Financial Position, the Statement of Changes in Equity, Statement of Cashflows and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland* (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the state of the Company's affairs as at 31 December 2025 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period and include the most significant assessed risks of material misstatement (whether or not due to fraud) we identified, including those which had the greatest effect on: the overall audit strategy, the allocation of resources in the audit; and directing the efforts of the engagement team. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

1. Valuation of investment properties

The Company's investment properties were accounted for under fair value gains and losses on investment properties in the statement of comprehensive income. Valuations were carried out by Savills, an independent firm of chartered surveyors, and reviewed by the directors. There are significant judgements and estimates involved in determining the fair value of the Company's investment properties. The values have been derived on a traditional income capitalisation basis having regard to appropriate yields.

We assessed the competence, capabilities and objectivity of the external valuer and evaluated the key assumptions used in the valuation. We tested the data inputs underlying the investment property valuation for all the properties, including rental income by agreeing them to the underlying property records.

2. Valuation of interest rate swaps

Derivative financial instruments are used to manage and hedge interest rate risk. The Company applies hedge accounting for transactions entered into, Valuations are carried out by the third party experts and by directors. We focused on this area because of their measurement and the complexity related to hedge accounting.

We obtained an understanding of the risk management policies and testing key controls for the use, the recognition and the measurement of derivative financial instruments. We reconciled derivative financial instruments data to third party confirmation. We considered the appropriateness of disclosures in relation to derivative financial instruments and hedge accounting.

Overview of the scope of our audit

Our audit was scoped by obtaining an understanding of the Company and its environment, including the Company's system of internal control, and assessing the risks of material misstatement at the company level. Audit work was performed to respond to the assessed risks and was performed directly by the audit engagement team and executed at levels of materiality applicable to the cycle being audited, which in each instance was lower than company materiality. All activities of the Company are based in the UK and our audit work was performed remotely, but with a file sharing platform being established between ourselves and the Company's management. We were also provided with direct access to the Company's accounting records.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Our evaluation of the directors' assessment of the Company's ability to continue to adopt the going concern basis of accounting included:

- Discussing management's assessment of the Company's ability to remain a going concern
- Review and understanding the cash flow forecasts for the period to February 2025
- Assessing and challenging the inputs in and judgements made in the preparation of the cashflow forecasts
- Performing sensitivity analysis to model the effect of changing assumptions made within the cashflow forecast and considering the impact on the Company's ability to adopt the going concern basis

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Other information

The directors are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the Company and its environment obtained in the course of the audit, we have not identified material misstatements in the strategic report or the directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept by the Company, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

Explanation as to what extent the audit was considered capable of detecting irregularities, including fraud

Based on our understanding of the company and industry, we identified that the principal risks of non-compliance with laws and regulations related to regulatory requirements for the company and trade regulations and we considered the extent to which non-compliance might have a material effect on the financial statements. We also considered those laws and regulations that have a direct impact on the preparation of the financial statements such as the Companies Act 2006, income tax, and sales tax.

We evaluated management's incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls). Audit procedures performed by the engagement team included:

- Inspecting correspondence with regulators and tax authorities;
- Discussions with management including consideration of known or suspected instances of non-compliance with laws and regulation and fraud;
- Evaluating management's controls designed to prevent and detect irregularities;
- Identifying and testing accounting journal entries, in particular those journal entries which exhibited the characteristics we had identified as possible indicators of irregularities; and
- Challenging assumptions and judgements made by management in their critical accounting estimates

Because of the inherent limitations of an audit, there is a risk that we will not detect all irregularities, including those leading to a material misstatement in the financial statements or non-compliance with regulation. This risk increases the more that compliance with a law or regulation is removed from the events and transactions reflected in the financial statements, as we will be less likely to become aware of instances of non-compliance. The risk is also greater regarding irregularities occurring due to fraud rather than error, as fraud involves intentional concealment, forgery, collusion, omission or misrepresentation.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF QUIDNET REIT LTD (CONTINUED)

Use of our report

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an Auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

1 Accounting policies

Company information

Quidnet REIT Ltd is a private company limited by shares incorporated and registered in England and Wales. The registered office and principal place of business is 24 Berkeley Square, London, W1J 6HE.

1.1 Accounting convention

These financial statements have been prepared in accordance with FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" ("FRS 102") and the requirements of the Companies Act 2006.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention, modified to include the revaluation of freehold properties and to include investment properties and certain financial instruments at fair value. The principal accounting policies adopted are set out below.

1.2 Going concern

At the time of approving the financial statements, the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Thus the directors continue to adopt the going concern basis of accounting in preparing the financial statements. Going concern viability is assessed through ongoing cashflow review and monitoring. In assessing the going concern status of the company the directors have explicitly considered the cashflows for the period ending December 2025 which form part of the company's longer term.

1.3 Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured.

Revenue principally comprises income recognised by the company in respect of rent charged and other ancillary services supplied during the year, exclusive of Value Added Tax and trade discounts. Rental income is recognised on a straight line basis over the term of the lease. Amounts invoiced in advance of a tenancy period are deferred accordingly and recognised as income in the period to which they relate.

1.4 Investment properties

Investment property, which is property held to earn rentals and/or for capital appreciation, is initially recognised at cost, which includes the purchase cost and any directly attributable expenditure. Subsequently it is measured at fair value at the reporting end date. Changes in fair value are recognised in profit or loss.

1.5 Cash and cash equivalents

Cash and cash equivalents are basic financial assets and include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

1.6 Financial instruments

The company has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

Financial instruments are recognised in the company's balance sheet when the company becomes party to the contractual provisions of the instrument.

Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

1 **Accounting policies** **(Continued)**

Basic financial assets

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

Other financial assets

Other financial assets, including investments in equity instruments which are not subsidiaries, associates or joint ventures, are initially measured at fair value, which is normally the transaction price. Such assets are subsequently carried at fair value and the changes in fair value are recognised in profit or loss, except that investments in equity instruments that are not publicly traded and whose fair values cannot be measured reliably are measured at cost less impairment.

Impairment of financial assets

Financial assets, other than those held at fair value through profit and loss, are assessed for indicators of impairment at each reporting end date.

Financial assets are impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows have been affected. If an asset is impaired, the impairment loss is the difference between the carrying amount and the present value of the estimated cash flows discounted at the asset's original effective interest rate. The impairment loss is recognised in profit or loss.

If there is a decrease in the impairment loss arising from an event occurring after the impairment was recognised, the impairment is reversed. The reversal is such that the current carrying amount does not exceed what the carrying amount would have been, had the impairment not previously been recognised. The impairment reversal is recognised in profit or loss.

Derecognition of financial assets

Financial assets are derecognised only when the contractual rights to the cash flows from the asset expire or are settled, or when the company transfers the financial asset and substantially all the risks and rewards of ownership to another entity, or if some significant risks and rewards of ownership are retained but control of the asset has transferred to another party that is able to sell the asset in its entirety to an unrelated third party.

Classification of financial liabilities

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.

Basic financial liabilities

Basic financial liabilities including creditors and bank loans are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

1 Accounting policies **(Continued)**

Other financial liabilities

Debt instruments that do not meet the conditions in FRS 102 paragraph 11.9 are subsequently measured at fair value through profit or loss. Debt instruments may be designated as being measured at fair value though profit or loss to eliminate or reduce an accounting mismatch or if the instruments are measured and their performance evaluated on a fair value basis in accordance with a documented risk management or investment strategy.

Derecognition of financial liabilities

Financial liabilities are derecognised when the company's contractual obligations expire or are discharged or cancelled.

1.7 Taxation

The tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the profit and loss account because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the reporting end date.

Following the loss of REIT status on 9 August 2021, the company is liable for tax on all business profits and gains commencing from 10 August 2021.

Deferred tax

Deferred tax liabilities are generally recognised for all timing differences and deferred tax assets are recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Such assets and liabilities are not recognised if the timing difference arises from goodwill or from the initial recognition of other assets and liabilities in a transaction that affects neither the tax profit nor the accounting profit.

1.8 Leases

Rentals payable under operating leases, including any lease incentives received, are charged to profit or loss on a straight line basis over the term of the relevant lease except where another more systematic basis is more representative of the time pattern in which economic benefits from the leases asset are consumed.

2 Judgements and key sources of estimation uncertainty

In the application of the company's accounting policies, the directors are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

2 Judgements and key sources of estimation uncertainty (Continued)

Key sources of estimation uncertainty

The estimates and assumptions which have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities are as follows.

Valuation of investment property

The valuation of investment property is estimated by the Directors, having obtained an annual valuation of its investment property by external valuers for the purposes of the bank. The valuations are derived from the current market rents and investment property yields for comparable real estate, adjusted if necessary for any difference in the nature, location or condition of the specific asset. An adjustment to any of these assumptions could lead to a material change in the property valuation. There is significant judgement as to the indicators of the valuation of the investment property as they are based upon valuer assumptions which may prove to be inaccurate.

Valuation of interest rate swaps

The fair value of several interest rate swap contracts into which the company has entered into are valued by the bank at the year end date. The value of each swap is estimated based on the bank's projection of future SONIA rates and is therefore subject to estimation uncertainty.

3 Turnover and other revenue

The total turnover of the company for the period has been derived from its principal activity wholly undertaken in the United Kingdom.

4 Operating profit

Operating profit for the year is stated after charging/(crediting):	2025 £	2024 £
Fees payable to the company's auditor for the audit of the company's financial statements	19,000	18,000
Loss/(profit) on disposal of investment property	39,889	(132,299)

5 Employees

The average number of persons (including directors) employed by the company during the year was 3 (2024: 3).

6 Interest payable and similar expenses

	2025 £	2024 £
Interest on financial liabilities measured at amortised cost:		
Interest payable and similar expenses	724,495	870,312

7 Taxation

	2025 £	2024 £
Deferred tax		
Origination and reversal of timing differences	971,855	229,088

7 Taxation (Continued)

Following cessation of REIT status on 9 August 2021, the company is liable for tax on its property rental business profits for the period commencing 10 August 2021.

The actual (credit)/charge for the year can be reconciled to the expected (credit)/charge for the year based on the profit or loss and the standard rate of tax as follows:

	2025 £	2024 £
(Loss)/profit before taxation	(698,710)	1,406,660
Expected tax (credit)/charge based on the standard rate of corporation tax in the UK of 25.00% (2024: 25.00%)	(174,678)	351,665
Tax effect of expenses that are not deductible in determining taxable profit	3,683	4,346
Tax effect of income not taxable in determining taxable profit	-	(33,075)
Gains not taxable	261,373	(137,500)
Unutilised tax losses carried forward	-	(40,279)
Change in unrecognised deferred tax	(353,898)	167,659
Capital allowances deductible	(96,057)	(112,177)
Capital gains on disposal of asset	121,382	234,693
Taxation (credit)/charge for the year	(238,195)	435,332

8 Earnings per share

The analysis of earnings per share is as follows:

	2025 £	2024 £
Profit for the financial year	(904,254)	1,305,595
No of shares (Weighted average)	7,190,032	7,190,032
Earnings per share (pence)	(12.58)	18.16
Profit for the financial year	(904,254)	1,305,595
Fair value gains and losses on investment properties	1,045,489	(550,000)
Fair value gains and losses on financial instruments	443,739	(334,267)
Deferred tax on fair value movements	(353,898)	167,658
Adjusted earnings for the financial year	231,076	588,986
No of shares (Weighted average)	7,190,032	7,190,032
Adjusted earnings per share (pence)	3.21	8.19

The adjusted EPS figure excludes FV adjustment which is a more useful format to the end users of the financial statements. There are no dilutive options or warrants in issue and, accordingly, no diluted earnings per share has been disclosed.

9 Investment property

	2025 £
Fair value	
At 1 January 2025	32,025,960
Additions through external acquisition	685,667
Additions through capital expenditure	845,221
Disposals	(4,021,470)
Revaluation gain/loss	(1,085,378)
At 31 December 2025	28,450,000

The freehold interests in the properties held within the Fund were independently valued as at 31 December 2025 by Savills (UK) Limited, acting as External Valuers as defined in the RICS Red Book. This follows the previous reporting period, where properties held within the Fund were internally valued. The 2025 valuations comply with IFRS 13 and the RICS Valuation – Global Standards (incorporating the IVSC International Valuation Standards), together with the UK National Supplement. This professional appointment ensures the portfolio reflects current market conditions under the rigorous framework of the "Red Book." Consequently, these independent assessments provide a transparent and updated benchmark for the Fund's year-end financial reporting.

9 Investment property (Continued)

If investment properties were stated on an historical cost basis rather than a fair value basis, the amounts would have been included as follows:

	2025	2024
	£	£
Cost	25,608,805	26,838,746
Carrying amount	25,608,805	26,838,746

10 Derivative financial instruments

The risks to which the company is principally exposed are:

- Interest rate risk

The company invests in land and buildings and as such the assets of the company are illiquid. The company relies on borrowing facilities wholly repayable within seven years, to mitigate the risks involved. These borrowing facilities are structured so as to manage the risks to which the company is exposed. All the company's borrowings are sterling denominated and all investments are in UK property. The company is therefore not exposed to any direct currency risk.

Interest rate risk:

	Hedged	Floating	Total
Bank loan	13,361,663	-	13,361,663

Interest is charged on the company's secured bank loan of £13,361,663 at SONIA plus margin. In order to manage its interest rate risk the company has entered into the following hedging arrangements as follows:

- £5,000,000 at 2.31% against floating SONIA until 10 May 2029
- £5,000,000 at 2.49% against floating SONIA until 30 April 2029
- £3,361,663 at 3.33% against floating SONIA until 30 April 2029

During 2025, a hedging loss of £443,739 (2024: gain of £334,267) was recognised in other comprehensive income for changes in the fair value of the interest rate swap.

11 Financial instruments

	2025	2024
	£	£
Carrying amount of financial assets		
Instruments measured at fair value through other comprehensive income	399,839	843,577

Hedging arrangements

The amount reclassified from equity to profit or loss in the year relating to cash flow hedges was £39,889 (2024 - £-).

12 Debtors

Amounts falling due within one year:	2025 £	2024 £
Trade debtors	332,619	629,504
Other debtors	1,318,039	595,442
Prepayments and accrued income	341,766	325,628
	1,992,423	1,550,573

Amounts falling due after more than one year:	2025 £	2024 £
Derivative financial instruments	399,839	843,577
Total debtors	2,392,262	2,394,150

13 Cash at bank and in hand

	2025 £	2024 £
Cash at bank	554,879	800,860
	554,879	800,860

14 Creditors: amounts falling due within one year

	2025 £	2024 £
Trade creditors	599,081	382,518
Corporation tax	115,703	267,673
Other taxation and social security	116,680	138,250
Other creditors	207,428	202,490
Accruals and deferred income	751,648	852,057
	1,790,540	1,842,988

15 Creditors: amounts falling due after more than one year

	2025	2024
	£	£
Bank loans	13,361,663	15,071,663

The bank loans and overdrafts are secured by a legal mortgage over the investment properties and fixed charges over the assets of the company. In addition, there is a personal guarantee from a director of £600,000 in respect of the loans.

The bank loans and overdrafts (secured) comprise of the following:
- £13.36 million 2.58% plus margin loan facility repayable in April 2029

16 Deferred taxation

Deferred tax assets and liabilities are offset where the company has a legally enforceable right to do so. The following is the analysis of the deferred tax balances (after offset) for financial reporting purposes:

	Liabilities 2025	Liabilities 2024
Balances:	£	£
Chargeable gains	(82,169)	271,729

Movements in the year:	2025 £
Liability at 1 January 2025	271,729
Credit to profit or loss	(353,898)
Liability/(Asset) at 31 December 2025	(82,169)

17 Share capital

	2025	2024
	£	£
Ordinary share capital		
Authorised		
7,190,032 Ordinary shares of £1 each (2024 - 7,190,032)	7,190,032	7,190,032

No shares were allotted in the year (2024: Nil).

18 Share premium account

	2025	2024
	£	£
At the beginning and end of the year	1,547,305	1,547,305

19 Cashflow hedge reserve

	2025	2024
	£	£
At the beginning of the year	843,577	509,310
Fair value adjustment to Interest rate swap	(443,738)	334,267
At the end of the year	399,839	843,577

20 Deferred shares

	£
At 01 January 2024	-
Additions	149,891
At 31 December 2024 and 1 January 2025	149,891
At 31 December 2025	149,891

The deferred shares hold no economic or voting rights.

21 Post balance sheet events

Since the year end, the company has made an interim dividend payment on the 30th January 2026 totalling £359,501.

22 Operating lease commitments

Lessor

At the reporting end date the company had contracted with tenants for the following minimum lease payments:

	2025	2024
	£	£
Within one year	1,437,954	1,777,134
Between two and five years	3,251,333	4,982,478
In over five years	635,757	718,763
	5,325,044	7,478,375

23 Related party transactions

There were no related party transactions during the year (2024: Nil).

24 Ultimate controlling party

R J S Tice is the ultimate controlling party of the company by virtue of combined majority control of the ordinary share capital.

25 Cash generated from operations

	2025	2024
	£	£
(Loss)/profit for the year after tax	(460,515)	971,328
Adjustments for:		
Taxation (credited)/charged	(238,195)	435,332
Finance costs	724,495	870,312
Gain on disposal of investment property	-	(132,299)
Fair value loss/(gain) on investment properties	1,045,489	(550,000)
Other gains and losses	(100,123)	(101,734)
Movements in working capital:		
Increase in debtors	(441,850)	(46,123)
Increase in creditors	27,787	86,410
Cash generated from operations	557,088	1,533,226

26 Analysis of changes in net debt

	1 January 2025	Cash flows	31 December 2025
	£	£	£
Cash at bank and in hand	800,860	(245,981)	554,879
	800,860	(245,981)	554,879
Debt due after one year	(15,071,663)	1,710,000	(13,361,663)
	(14,270,803)	1,464,019	(12,806,784)
